INVESTMENT & FINANCE CONFERENCE

"SUSTAINABLE SHIP RECYCLING IN PAKISTAN"

Driving Investment ⇨ Advancing Sustainability ⇨ Transforming Gadani

09th DECEMBER 2026 **MARRIOTT HOTEL, KARACHI**

SHAPING THE FUTURE OF SHIP RECYCLING IN PAKISTAN

Pakistan's ship-recycling industry, centered at Gadani, Balochistan, holds significant potential for investment, industrial growth, employment generation and transformation to circular economy.

The Ministry of Maritime Affairs, in collaboration with the International Maritime Organization (IMO) and International Labour Organization (ILO), under the SENSREC-DW Project, is supporting this initiative to promote a safer, greener and internationally competitive ship-recycling industry.

CONFERENCE PRIORITIES

INVESTMENT & FINANCE
Mobilizing capital and financing partnerships.

GREEN SHIP RECYCLING
Environmental protection and the circular economy.

SAFETY & COMPLIANCE
International standards and safer workplaces.

DECENT WORK
Employment and workforce development.

WHY THIS CONFERENCE MATTERS

The conference will connect investors, financial institutions, development partners and industry stakeholders to identify financing opportunities and priority investments in Pakistan's Ship-recycling sector.

OUR VISION FOR SHIP BREAKING SECTOR AT GADANI

A SAFER. GREENER. GLOBALLY COMPETITIVE SHIP-RECYCLING HUB.

Promoting sustainable industrial development, environmental protection, decent employment and investment-led growth.

A SENSREC-DW PROJECT INITIATIVE
